

# Standard Frame 2-Wheel Hand Trucks

- 15" wide-body frame features extruded aluminum construction for lightweight durability
- Frame is bolted together rather than riveted for extra strength and rigidity
- Tubular stair glides included
- 8" x 15" Ever-Wear steel shoe carries a lifetime guarantee

Dura-Lite Standard Series Hand Trucks are available with a choice of four specialized handles and three wheel/tire options. You can choose from continuous, twin, loop, or pin style handles to best meet your personal needs. All models are 51" high to comfortably handle tall loads. Wheel and tire options let you gear your truck for use on any surface.

Sturdy aluminum tubing stair glides are standard on all models and make it easy to move loads up and down stairs. All models feature a bright natural aluminum finish with black accent stripes and red shoe. **All models ship KD via economical UPS. Quick, easy assembly.**

Poly hub/semi-pneumatic tire

Steel hub/fully pneumatic tire

Three wheel/tire options assure easy handling on the surface where you use your trucks most.

We recommend the featured cast aluminum wheel with molded-on rubber tires for most applications.

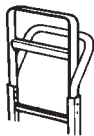

Cast aluminum hub/molded-on solid rubber tire.

# “Big Foot” Extendible Shoe 2-Wheel Hand Trucks

- Durable yet lightweight extruded aluminum construction that’s bolted together for extra strength and rigidity
- Features rugged Ever-Wear 8" x 15" lifetime guaranteed steel shoe and 29" x 12" tubular aluminum extendible shoe that folds down to handle oversize loads up to 200 lbs.
- 15" wide-body frame handles bigger loads with less effort
- Tubular stair glides included

Heavy aluminum tubing stair glides provide easy handling on stairs. A choice of continuous, twin, loop, or pin handles allows you to select the most efficient style to suit your needs. A cast aluminum wheel with molded-on solid rubber tire, a poly hub with semi-pneumatic tire, or a steel hub with fully pneumatic tire let you customize your truck for its most efficient operation on any surface. Bright natural aluminum finish with black accent stripes and red shoe. All trucks are 51" high to handle tall loads. **Shipped KD via UPS. Quick, easy assembly.**

# Triple-Truck™ 3-Way Convertible 4-Wheel Hand Trucks

- Twin 5" x 1 1/8" swivel casters allow you to convert the Triple-Truck from a 2-wheel hand truck to a 4-wheel platform truck
- Big 29" x 12" tubular extendible shoe folds down to handle oversize loads (becomes the handle when used as a platform truck)
- Tubular aluminum stair glides help in moving loads up and down stairs
- Heavy-duty aluminum extrusions are bolted together for extra strength and rigidity

Triple-Truck frame is a full 15" wide to handle big loads and features the Ever-Wear 8" x 15" lifetime guaranteed steel shoe for rugged durability. The 12" x 29" extendible shoe simply unsnaps from its bracket in the frame and folds down for oversize loads. The "Loop" handle works well in all three truck positions and is ideal for one handed maneuverability. Triple-Truck is available with 3 different wheel/tire options. You can choose from a cast aluminum hub with molded-on rubber tire, poly hub with semi-pneumatic tire, and a steel hub with a fully pneumatic tire. Truck is 51" high in an upright position. Features a bright natural aluminum finish with an anodized aluminum handle, black accent stripes and a red shoe.

Cast aluminum hub/molded-on solid rubber tire.

*Triple-Truck is 3 trucks in one: a standard 2-wheel hand truck, an extended-shoe 2-wheel hand truck, and a 4-wheel platform truck for extra large loads.*

*5" x 1 1/8" swivel casters provide easy steering and maneuverability when in the platform truck position.*

Poly hub/semi-pneumatic tire

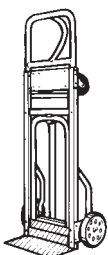

Steel hub/fully pneumatic tire

*Three wheel/tire options let you select the wheels best suited to the surface you use your hand trucks on most.*

Model Number	Wheel & Tire	Capacity	Shpg. Wt.
<b>Loop Handle 3-Way Triple Truck</b>			
9037	8 x 1 5/8" alum. hub with molded-on rubber tires	500 lbs.*	43 lbs.
9038	8 x 1 3/4" poly hub with semi-pneumatic tires	300 lbs.*	43 lbs.
9039	10 x 3 1/2" steel hub with fully pneumatic tires	600 lbs.*	47 lbs.

\*Add 100 lbs. for platform truck capacity.

NOTE: Other handle styles may be obtained by ordering complete unit as components from Component System chart. (Cost is identical) Loop handle is recommended on this unit.

# General Information **Dura-Lite™**

## Optional Features:

Available on all 15" wide-body "Standard", "Big Foot", and "Triple-Truck" frame styles shown in this catalog.

## Choose from 4 handle options:

**NOTE:** Continuous and Twin Handle styles come with a frame extension attachment to extend the overall useable height to 51". Loop and Pin Handle styles are 51" without this extension. Pin and Twin Handle styles come equipped with red handle grips.

**Continuous**

**Twin**

**Pin**

**Loop**
